

**Sept 10 Rob Howat...**1865 8th line of Asphodel near Norwood 696-1222 ...take the no 7 hyway toward Norwood and the 8th line is just before you get to the town or Norwood. Turn right if you are coming from Peterborough and if you are coming from east of Norwood then go through and take the 8th line to the left. Rob has made many changes to his property, with lots of new fruit trees and grape vines as well as his generous personality.

**Sept 17. Jaan Teng...**2075 Providence Line 295-4386 just east of Peterborough a few kilometers on the south side of the highway. Jaan has an interesting property with unique African sculptures and rustic buildings and plenty of room to roam

**Sept 24: Debra Power, Pot luck.** 21 Agnes St. Head south on Serpent Mounds Rd at the four corners. As you crest the top of the hill, Agnes St is the first left. It does have a street sign, but rather looks like a driveway instead of a road. If you pass the second cemetery, you have gone too far. I am the only house on the cul-de-sac so am easy to find. I have plenty of parking and you are welcome to leave your cars here for the day, but the hill is a bit of a climb back if you want to wander down to the center village for painting. There is a distant view of Rice Lake to take in. confirmed

**Oct. 8<sup>th</sup> Lang take-down**
